Dear Eric,

I would just like to thank Dave Shaw, Amy Charles and the rest of your staff for giving me the opportunity to participate in the "On The Job Training" process. My first three months at Seneca Foods Corporation in Clyman, WI is going very well as a Production/Sanitation Supervisor.

Due to the downsizing of the Allied Automotive Group in Janesville, with the General Motors Plant closing resulted in the loss of my job and the hopes of finding another job in this troubling economy in the Rock County area. This has put a lot of pressure on me, my family and friends, but with the job centers support and this program it gave me another chance.

I will be all moved to Juneau, WI by the end of this month. The job, the area, new friends and co-workers are all new opportunities in my new lifestyle. I will miss your area and my friends but your program is successful and I encourage you to continue to work with people like me and tell them to keep their head held up and their hopes high.

Sincerely Yours,

A handwritten signature in cursive script that reads "Ron Moat".
